👤 PROFILE

Data analyst with 7+ years of experience applying R, Power BI, Excel, Power Query, SQL, and DAX to operational, customer, financial, CRM, and program data. Experienced in recurring KPI reporting, data validation, methodology documentation, root-cause analysis, and translating findings into clear recommendations for technical and nontechnical stakeholders. Recent DFPS research experience and an MBA in Data Analytics in progress.

🧠 ANALYTICAL CAPABILITIES

Analysis & Reporting: data analysis, KPI reporting, performance measurement, trend analysis, data & visualization

Research & Improvement: RCA, process improvement, research support, requirements definition, decision support

Tools: R, Power BI, Microsoft Excel, Power Query, SQL, DAX, CRM systems, Microsoft Office

📁 WORK HISTORY

Research Specialist I, Analytical Projects Team,

Texas Department of Family and Protective Services (DFPS)

06/2026 – 08/2026

Austin, TX (Remote)

- Used R to analyze initial CANS assessments and 24-month placement histories, demonstrating measurable associations between early domain scores and subsequent placement instability.
- Built Power BI and Excel visualizations, validated analytical outputs, and translated findings across age groups and assessment domains into decision-ready evidence for agency leaders.
- Findings prompted follow-on agency analyses of whether T3C provider credentialing and least-restrictive placement practices influence placement-stability outcomes.

Business Operations Director, *Nexus Auto Ltd. Co.*

08/2023 – 01/2026

Houston, TX

- Used Power BI, Excel, and Power Query to clean, combine, and visualize CRM, financial, customer, and pipeline data for recurring performance analysis.
- Applied R and Excel to investigate performance trends, support forecasting, and refine follow-up workflows, contributing to a 15% improvement in client retention.
- Built Power BI KPI reports for leadership and standardized CRM data capture to improve reporting accuracy, consistency, and operational visibility.
- Coordinated customer, vendor, budget, and service priorities and converted operational findings into practical recommendations for leadership.

Travel Counselor, *Vacations To Go*

10/2022 – 08/2023

Houston, TX

- Maintained accurate client and booking documentation across vendor and policy requirements; documented root causes of service issues and implemented process corrections.

Sales & Operations Director, *Mr. Sticker Plus+ LLC*

08/2017 – 05/2022

Houston, TX

- Directed sales and operational activity for a mid-sized team, coordinating lead tracking, target reviews, workflows, and performance reporting.
- Analyzed sales performance by product and customer segment to guide pricing and promotions, contributing to a 12% increase in revenue.
- Maintained CRM pipeline processes, researched business issues, and developed recommendations to improve commercial and operational performance.
